#### Cygnus unveils QPAC

Cygnus, a business consulting and research firm, launched its quarterly performance analysis of Indian industry and companies (QPAC) for the last quarter. As per its report, telecom and cement would be leading the growth story for the country. Besides, Cygnus has devised a Cygnus Composite Index (CCI) which factors the quarterly sales growth and PAT growth of each industry over the previous year. Every quarter, Cygnus analyses the performance of 25 industries and major companies in each industry and projects the growth for the succeeding quarter and the year, OR Rao, Director, said. As per its report, the top five growth industries for the last quarter are cement, steel, pharma, gem and jewellery and engineering, he added.
